<b>Subject</b>	<b>RE-INVEST 2016, the second Renewable Energy Global Investors' Meet &amp; Expo from 18-20 February 2016 in New Delhi, India</b>		

Dear Sir or Madam,

The Embassy of the Republic of India in Beijing has the honour to state that the Ministry of New and Renewable Energy will be organizing the RE-INVEST 2016, the second Renewable Energy Global Investors' Meet & Expo from 18-20 February 2016 in New Delhi, India.

RE-INVEST 2016 will build upon the success of RE-Invest 2015 and explore the advances made on the ground to achieve India's target of 175 GW renewable energy capacity by 2022. The objective of the RE-Invest series of conference-expos is to showcase India's renewable energy potential and the Government's efforts to develop and scale up the country's installed RE capacity to meet the national energy requirement in a socially, economically and ecologically sustainable manner.

The first Renewable Energy Global Investment Promotion Meet & Expo (RE-INVEST) held on 15-17 February 2015 in New Delhi was a resounding success, bringing together nearly 3000 delegates from 41 countries and receiving RE generation commitment of 273 GW over the next five years from India and foreign countries. A wide range of RE stakeholders from around the world financiers, developers, exhibitors, industry associations, government delegations etc participated in this event, which also saw commitments to manufacture RE related equipment in India. Banks and Financial Institutions have assured financing of 78 GW of RE projects over the next five years. The Trade Show floor hosted 119 exhibitors from India and several foreign countries. The event

enabled wide ranging business-to-business and business-to-government interaction, including with State Governments of India.

The Embassy requests the Chinese Photovoltaic Industry Association (CPIA) to give wide publicity regarding this mega event for mutual benefit of the business community of both the countries. Details of the event can be obtained from the website [www.mnre.gov.in](http://www.mnre.gov.in) and [www.re-invest.in](http://www.re-invest.in).

Yours sincerely,  
Trade & Commerce Wing  
Embassy of India, Beijing
